

WHAT IF I NEED PASTORAL CARE?

We care deeply about the needs of our congregation. Because hospitals, surgery centers, and nursing homes are limiting visitation to just those receiving medical attention, we are honored to counsel and pray with you over the phone, by text, or email. We ask that you, please continue sharing your needs and prayer requests with us.

You can reach us by calling 903.693.3569

You can email us at prayer@firstbaptistcarthage.com.

If you would like to receive prayer emails, please call the church office and request to be added to the prayer email list.

PRAYER REQUESTS

January 13, 2021

Susan Robinson is doing good after her shoulder surgery. She is able to manage her pain with over the counter medication. She had a checkup on Tuesday. Pray for her recovery and rehab.

Ann McDaniel didn't get a good PET scan report last week. The tumor markers are up, and the doctor was concerned if she could handle the chemo. The doctor called and told her that he thinks she needs to go ahead and try the chemo. She is hoping the chemo will start next week. Please lift up her needs concerning this recent news and the upcoming treatments.

Don Hillin was taken by ambulance to the hospital on Monday with breathing problems. He had no electricity at home causing anxiety. He had 1.5 liters of fluid taken off his lungs. Pray for his on-going health issues.

Nan Oney's eye surgery was a success and the "live" membrane has stopped the eye from getting worse. Pray for continued healing.

Cassidy Soape (David Soape's daughter) is doing much better after her leg surgery and is grateful for the prayers on her behalf. Pray for her continued recovery.

Jerry Stacy has had vertigo since Sunday and is taking it easy. Pray that he will continue to recover well.

Charles Sullivan needs our prayers. He has fallen some in the last few days. Pray for him and for his wife, **Joyce**. May they feel our love and prayers as they deal with health issues.

Jenny Huff went to the doctor last week for a follow up on her recent back surgery. All is healing well in her back, and she got a good report. She still has the numbness in her foot, but the doctor assured her that it would just take time for the feeling to return. Praises for this good report!

Jenny Huff's great grandson, Blaise Reeder, is at home after spending time in the hospital with pneumonia. Pray for his continued recovery and for his on-going issues with SMA.

Pete Williams is having surgery on Friday at Good Shepherd Hospital in Longview on the area on his chest that will not heal. Pray for a successful surgery and healing.

COVID Prayer Requests
